## FREEDOM OF INFORMATION PUBLICATION SCHEME

---

This is Future Academies' publication scheme on information available under the Freedom of Information Act 2000.

Future Academies is responsible for the maintenance of this scheme.

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools and academies, should be clear and proactive about the information they will make public.

This guidance gives examples of the kinds of information that the Information Commissioner's Office (ICO) would expect academies to provide in order to meet their commitments under the model publication scheme.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The ICO would expect academies to make the information in this document available unless:

- We do not hold the information;
- The information is exempt under one of the FOI exemptions or Environmental Information Regulations (EIRs) exemptions, or its release is prohibited under another statute;
- The information is archived, out of date or otherwise inaccessible; or
- It would be impractical or resource-intensive to prepare the material for routine release.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available to you on our website, to download and print off or available in paper form on request from the Academy.

Some information which we may hold may not be public, for example personal information held about employees and students.

This publications scheme confirms to the latest model scheme for Academies approved by the Information Commissioner.

We endeavour to make as much information as possible available online. If any of the information is not available online, the scheme will explain how it can be accessed. We will continue to develop this scheme to increase the amount of information that can be accessed through it.

The Trust does not charge for information that can be accessed from any of its websites. However, we may pass on costs for reproducing information or providing it in alternative formats, and we do charge for some specialist information services. Details of these costs are listed in the Schedule of Charges.

## **2. Requesting information**

If you require a paper version of any of the documents within the scheme, please contact Future Academies by email or letter. Contact details are set out below:

To help us process your request quickly, please clearly mark any correspondence “**FOI Publication Scheme Request**”.

If the information you are looking for is not available via the scheme and is not on our website, you can still contact the Trust to ask if we have it.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language that is legally required. Where an authority is legally required to translate any information, it will do so.

Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

## **3. Paying for information**

Information published on our websites is free, although you may incur costs from your internet service provider. If you do not have Internet access, you can access our websites using a local library or an internet café.

Single copies of information covered by this publication scheme are provided free unless stated otherwise in section 4. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos, or a member of staff will have to spend a significant time preparing the request we will let you know the cost before fulfilling your request.
