

## KS2 Maths Specialist Teacher

September, 2019

Pimlico Primary is a small, welcoming free school situated in the heart of beautiful Westminster. As part of the Future Academies Trust, an ambitious family of schools, Curriculum Centre and a teacher training centre (SCITT), Pimlico Primary benefits from the Trust's innovative subject specific curriculum and commitment to excellence in all areas of school life. Future Academies believes that a knowledge-led curriculum is the best means to transform pupil outcomes and seeks a dynamic maths teacher to join the team. The teacher will work as part of a two-form entry team, with another maths specialist across KS2. Initially, the role will involve elements of teaching other subjects. In time, the role would be exclusively teaching maths, when the school is fully gowned.

We are looking to appoint a passionate and committed individual with intellect, drive and a passion for maths to join us, as we aim to develop both excellence in our pupils and forge new directions in education.

### We are looking for someone who:

- Is an outstanding teacher in their own right and inspires and motivates staff and students alike;
- Is committed to nurturing strong and open relationships with staff, pupils and families to raise aspiration and improve achievement;
- Is committed to promoting a knowledge-led curriculum as the means to transform outcomes for pupils
- Is passionate and knowledgeable about the teaching of primary maths.

### We can offer you:

- Excellent career advancement continuing professional development opportunities, through our 'Outstanding' Teaching School, the Maths Hubs and Mathematics Mastery.
- A warm, welcoming environment, with an enthusiastic, knowledgeable and committed team.
- Excellent transport links and the opportunity to work in the heart of London.
- Happy, polite and engaged children with great enthusiasm for learning.
